

## Clerking

Looks more attractive than housework for a woman, but it is also even more exhausting. The work is often done under high pressure, and the brightness of the eye and the flushed cheeks of the attentive clerk indicate nervousness rather than health. If this is true under most favorable conditions, what shall be said of those who suffer from womanly diseases, and who endure headache, backache, and other pains day after day?

No sick woman should neglect the means of cure for womanly diseases offered in Doctor Pierce's Favorite Prescription. It regulates the period, dries enfeebled drains, heals inflammation and ulceration, and cures female weakness. It makes weak women strong and sick women well.

## ARIZONA RAILROADS

### More Lines Under Contemplation in Arizona

From current reports it seems that Arizona is soon to become a web of railroads and mineral tramways.

A dispatch from Jerome says that plans are on foot for a new road from Williams, in the northwest part of the territory, to Globe between El Paso and Phoenix. If this road is built there will be an opportunity for the consolidated mineral lines to form one great system of road touching all the most important mining districts in Arizona and Sonora, connecting here with the trunk lines from the east besides having a direct route to this great smelting center.

If the reports that all the mineral roads in Arizona are to consolidate under one management be true El Paso will have another trunk line reaching almost half the distance from here to San Francisco and on a direct line to that city. The news comes from a very reliable source that the Rock Island is at the head of this consolidation movement and that that company will operate the consolidated lines when completed. If this be true the Rock Island will control the mineral output of the southwest and eventually have a line from El Paso to San Francisco direct.

Whatever move the consolidation movement will make will be taken as soon as the election is over and it is confidently expected that an announcement of the purposes of all the roads in question will be made in December.—El Paso Herald.

Bisbee, Oct. 12, 1907.  
The city was filled with republican delegates and politics was the theme continually discussed. The delegates had gathered from all parts of the county and all set about to find out a few political things. The hopes of some with political bees in their bonnets were shattered but harmony prevailed and a good ticket nominated. The republicans are a unit in the expression that they had put their best foot forward and among many democrats it was conceded that a strong ticket was nominated.

The convention was called to order by C. C. Warner after which temporary organization was effected by the election of W. A. Harward as temporary chairman and A. H. Emanuel as temporary secretary.

Committees on credentials, platform and permanent organization followed. An adjournment was had to 2 p.m. at which time, as per committee report, the permanent chairman, C. C. Warner and permanent secretary F. N. Wolcott were placed in charge. The first nomination was that of Legislative Council. C. C. Warner of Bisbee was made the choice by acclamation.

For Legislative Assembly, H. C. Herriek of Fairbank, F. O'Brien of Turquoise, H. M. Woods of Bisbee and A. H. Norcross of St. David were nominated. The ballots resulted in the choice of H. M. Woods, F. O'Brien and H. M. Norcross.

Following in rapid succession were the nominations for Sheriff, Treasurer, Recorder, Assessor, Probate Judge, and School Superintendent. For each of these offices but one candidate was before the convention and the choice was made unanimous viz: Dayton Graham, of Bisbee, Sheriff; C. L. Cummings, of Tombstone, Treasurer; H. C. Stillman, of Bisbee, Recorder; W. F. Bradley, of Tombstone, Probate Judge; F. C. Willard, of Tombstone, School Supt.; and Chas. Overlook of Bisbee, Assessor.

For district attorney, G. W. Swain, Chas. Bowman and W. C. Stiebel were before the convention. G. W. Swain received highest tally and was nominated.

For Supervisors, John Montgomery, Tombstone; J. S. Williams, Bisbee; A. V. Noyes, Fairbank; G. V. R. ay, Naco; Thos. Allaire, Wilcox; E. G. Norton and A. Kindred, Bisbee were placed in nomination. The three chosen were Thos. Allaire, G. V. R. ay and A. V. Noyes.

The platform endorses the national platform in toto and likewise the territorial administration and contains some emphatic planks urging good, economic government.

Candidates donated \$5 each to the fund for the good of the cause when up before the convention. Nearly all "dug up."

### IT HAPPENED IN A DRUG STORE.

"One day last winter a lady came to my drug store and asked for a brand of cough medicine that I did not have in stock," says Mr. C. R. Grandin, the popular druggist of Ontario, N. Y. "She was disappointed and wanted to know what cough preparation I could recommend. I said to her that I could freely recommend Chamberlain's Cough Remedy and that she could take a bottle of the remedy and after giving it a fair trial if she did not find it worth the money to bring back the bottle and I would refund the price paid. In the course of a day or two the lady came back in company with a friend in need of a cough medicine and advised her to buy a bottle of Chamberlain's Cough Remedy. I consider that a very good recommendation for the remedy." It is for sale by the Tombstone Pharmacy.

Voters should bear in mind that the time for registration closes on Tuesday of next week. Those who desire to exercise the elective franchise at the approaching election should attend to this important matter at once, and see that their names appear on the great register.

## RISE IN SILVER

### The Price of the White Metal on the Increase

The price of silver has been rising steadily for some time past, and is now about 61 cents in New York, the highest point it has touched since February, 1897. The advance has been about 4 1/2 cents an ounce since the opening of the year. It does not appear to be in any way a speculative movement, but is rather the result of steadily demanded for the metal. We have heretofore referred to the large shipments to the East this year, and we find that the quantity sent to China has not decreased in consequence of the troubles there, but has rather increased. The foreign forces in China are making payments of some amount, and in this price which are open the Chinese merchants prefer silver to goods in trade. In India the Government has been a large purchaser, the necessities of trade having compelled it to coin silver rupees for circulation. Outside of the Eastern demand the sales in Europe, chiefly for industrial purposes, have been good. The large consumption of the metal has naturally tended to support price, and a further and rate rise is probable.—M. & E. Journal

### No Right to Ugliness.

The women who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin rich complexion. It will make a good-looking, charming woman of a run-down invalid. Only 50 cents at the Tombstone Drug Store.
